

Established in 2006, Seattle Shrimp & Seafood is a joint venture between E&E Foods and seafood giant Hanwa of Japan. Seattle Shrimp and Seafood utilizes Hanwa's vast supplier network and local buyers and E&E Foods' distribution facilities to provide seafood buyers in the United States with a new, better option for shrimp and specialty products.

Our mission is to consistently deliver the highest level of quality product, service and value. We understand that when our products help make you successful, we build long-term relationships that in turn make us successful. Let us put our experience, resources and commitment to integrity and dependability to work for you.

Seattle Shrimp and Seafood imports product directly from growers and processors in Bangladesh, India, Indonesia, Malaysia, Philippines, Thailand, Vietnam and Mexico. And we are expanding into Central America.
